

Make an Impact at M3

M3's Summer Internship Program Provides a Variety of Opportunities to Learn and Grow

Are you open to learning and developing your skills as an intern at M3 Insurance? We offer two different tracks:

The M3 internship program provides training and exposure to all aspects of M3 business. We introduce you to a variety of career opportunities and help you set a solid foundation for your future.

“Our culture is grounded in professionalism, humility, teamwork and doing what’s in the best interest of the client. We strive to foster an inspiring environment that motivates our employees and provides opportunities for their personal and professional growth. We run our company with the belief that our employees and clients choose M3, not the other way around.”

Mike Victorson, President & CEO

As an intern at M3, you get the chance to:

- Work on current agency projects and interact with internal staff and clients
- Gain business acumen and a general understanding of the insurance world
- Directly contribute to and achieve results related to a particular process or offering at M3
- Spend time with management and executives to learn about M3’s business strategy and operations
- Be paired with a mentor who will serve as a personal resource throughout your internship
- Make a formal presentation to upper management summarizing what you learned and the experience you gained as an intern at M3
- Have fun!
